

## WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

### Risk Indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as class 3 out of 7, which is a medium-low risk class. This rates the potential losses from future performance at a medium-low level and poor market conditions are unlikely to impact our capacity to pay you.

Be aware that the underlying assets may be invested in currencies other than the default currency of, respectively the currency(ies) chosen for Wealins Capi France and for the investment option Investment strategy Aggressive 75. In such case you run a currency risk. This risk is not considered in the risk indicator shown above.

Where the underlying assets comprise assets with no or reduced liquidity, transactions may have to be realised over an extended period of time. The resulting risks of financial losses or other damages are entirely borne by you.

The risk of Wealins Capi France with the investment option Investment strategy Aggressive 75 may be significantly higher than the one represented in the summary risk indicator where Wealins Capi France with the investment option Investment strategy Aggressive 75 is not held to maturity or for the recommended holding period.

As Wealins Capi France with the investment option Investment strategy Aggressive 75 may imply long disinvestment notice periods (for some types of underlying assets) we draw your attention to section 'How long should I hold it and can I take my money out early?'

This product does not include any protection from future market performance so you could lose some or all of your investment. This product does not hold any capital guarantee against credit risk. If we are not able to pay you what is owed, you could lose your entire investment (see the section 'What happens if WEALINS S.A. is unable to pay out?').

### Performance scenarios

Investment 10,000 EUR				
Insurance premium		1 year	5 years	10 years (Recommended holding period)
Survival scenarios				
<b>Stress scenario</b>	<b>What you might get back after costs</b>	From 3,141.56 EUR to 3,308.22 EUR	From 1,736.20 EUR to 2,107.48 EUR	From 959.72 EUR to 1,377.42 EUR
	Average return each year	From - 68.58 % to -66.92 %	From - 29.54 % to -26.76 %	From - 20.89 % to -17.98 %
<b>Unfavourable scenario</b>	<b>What you might get back after costs</b>	From 8,681.65 EUR to 9,142.20 EUR	From 7,161.38 EUR to 8,692.83 EUR	From 6,229.92 EUR to 8,941.40 EUR
	Average return each year	From - 13.18 % to -8.58 %	From - 6.46 % to -2.76 %	From - 4.62 % to -1.11 %
<b>Moderate scenario</b>	<b>What you might get back after costs</b>	From 9,999.55 EUR to 10,530.00 EUR	From 10,594.09 EUR to 12,859.63 EUR	From 11,490.79 EUR to 16,492.00 EUR
	Average return each year	From 0.00 % to 5.30 %	From 1.16 % to 5.16 %	From 1.40 % to 5.13 %
<b>Favourable scenario</b>	<b>What you might get back after costs</b>	From 11,438.46 EUR to 12,045.25 EUR	From 15,479.19 EUR to 18,789.40 EUR	From 20,861.20 EUR to 29,940.75 EUR
	Average return each year	From 14.38 % to 20.45 %	From 9.13 % to 13.44 %	From 7.63 % to 11.59 %

This table shows the money you could get back over the next 10 years, under different scenarios, assuming that you invest EUR 10,000.

The scenarios shown illustrate how your investment could perform. You can compare them with the scenarios of other products.

The scenarios presented are an estimate of future performance based on evidence from the past on how the value of this investment varies, and are not an exact indicator. What you get will vary depending on how the market performs and how long you keep the investment/product.

The stress scenario shows what you might get back in extreme market circumstances, and it does not take into account the situation where we are not able to pay you.

The figures shown include all the costs of the product and the investment option, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

**Calculation of the performances:** The performance scenarios have been calculated in compliance with the requirements of the applicable regulation. They do not constitute a commitment by us and give no indication with regard to the real performance of Wealins Capi France with the investment option Investment strategy Aggressive 75.

## WHAT HAPPENS IF WEALINS S.A. IS UNABLE TO PAY OUT?

As there is no guarantee scheme in Luxembourg to indemnify policyholders in case of default of WEALINS S.A. and in order to limit the financial losses that could be encountered by policyholders and/or beneficiaries, the Luxembourg legislation foresees that the underlying assets of insurance contracts are segregated from the own assets of WEALINS S.A. Those underlying assets are indeed governed by custodian agreements previously agreed by the CAA with custodian banks. Through those custody agreements, the CAA has an obligation to control and the right to block those segregated assets. In case of failure of the insurer, the segregated assets are thus protected in relation to the other assets of the insurer and policyholders and/or beneficiaries have collectively the quality of privileged first rank creditors over those segregated assets ranking above all other creditors. This allows them to recover first and foremost all claims related to the execution of their insurance contracts. Policyholders and/or beneficiaries are moreover potentially exposed to the default of a custodian bank with regard to the liquidities deposited with that bank which might be partially or totally lost, whereas it should be possible to recover the securities deposited there in full.

## WHAT ARE THE COSTS?

The Reduction in Yield (RIY) shows what impact the total costs you pay will have on the investment return you might get. The total costs take into account one-off, ongoing and incidental costs.

The amounts shown here are the cumulative costs of the Wealins Capi France product itself and of the investment option Investment strategy Aggressive 75, for three different holding periods. They include potential early exit penalties. The figures assume you invest EUR 10,000. The figures are estimates and may change in the future.

### Costs over time

The person selling you or advising you about this product may charge you other costs. If so, this person will provide you with information about these costs, and show you the impact that all costs will have on your investment over time.

Investment 10,000 EUR Scenarios	If you cash in after 1 year	If you cash in after 5 years	If you cash in after 10 years
Total costs	From 114.39 EUR to 644.85 EUR	From 691.10 EUR to 2,956.64 EUR	From 1,831.78 EUR to 6,832.99 EUR
Impact on return (RIY) per year	From 1.14 % to 6.45 %	From 1.11 % to 5.10 %	From 1.11 % to 4.84 %

#### Composition of costs

The table below shows:

- The impact each year of the different types of costs on the investment return you might get at the end of the recommended holding period.
- What the different cost categories mean.

This table shows the impact on return per year			
One-Off costs	Entry costs	From 0.00% to 0.21%	The impact of the costs you pay when entering your investment. The impact of costs is already included in the price. This includes the costs of distribution of your product.
	Exit costs	From 0.00% to 0.00%	The impact of the costs of exiting your investment when it matures.
Ongoing costs	Portfolio transaction costs	From 0.03% to 0.11%	The impact of the costs of us buying and selling underlying investments for the product.
	Other ongoing costs	From 1.08% to 4.52%	The impact of the costs that we take each year for managing your investments.
Incidental costs	Performance Fee	From 0.00% to 0.00%	The impact of performance fees. We take these from your investment if the product outperforms its benchmark.
	Carried interests	From 0.00% to 0.00%	The impact of carried interest. We take these when the investment has performed better than a given percentage.

The costs for the retail investor vary mainly on the basis of the size of the investment and of the underlying financial assets. This is why we present the figures as a range of costs in the above tables.

## HOW LONG SHOULD I HOLD IT AND CAN I TAKE MY MONEY OUT EARLY?

### Recommended holding period: 10 years

You have a period of 30 days from the time when you are informed that the contract has taken effect to cancel the contract by sending us your cancellation letter by registered letter with acknowledgement of receipt to our registered office. The above mentioned recommended holding period has been defined based on a medium to long-term investment horizon. Surrenders are possible at any moment after the expiry of the free cancellation period but may have a negative effect on the performance of the underlying investment option. Furthermore surrenders of the capitalisation contract may be subject to potentially long disinvestment periods for some underlying assets.

## HOW CAN I COMPLAIN?

In cases of dispute, and without prejudice to your right to pursue other legal action, you may contact our complaints department, in this case the compliance department, either via the e-mail address [reclamations@wealins.com](mailto:reclamations@wealins.com) or our P.O. Box L-2986 Luxembourg, or the mediators of the insurance sector in Luxembourg (ACA).

Your requests for mediation with the supporting documentation must be sent

- either to the e-mail address [mediateur@aca.lu](mailto:mediateur@aca.lu),
- or to the P.O. Box of the ACA: B.P. 448, L-2014 Luxembourg, Tel.: +352 44 21 44 1, Fax: +352 44 02 89.

If you are a natural person and you have concluded the contract as a consumer, you may also contact the Luxembourg Commissariat aux Assurances if you have not obtained a response or a satisfactory response within a period of 90 days from the dispatch of your complaint. The relevant procedure is explained on the following internet page: <http://www.caa.lu/fr/consommateurs/resolution-extrajudiciaire-des-litiges>. The contact data of the CAA is: 7, boulevard Joseph II, L-1840 Luxembourg, Tel.: +352 22 69 11-1, Fax.: +352 22 69 10, E-mail: [caa@caa.lu](mailto:caa@caa.lu).

Finally, you may also contact the Autorité de Contrôle Prudentiel et de Résolution française, Service Informations et Réclamations: 4 Place de Budapest, CS 92459, 75436 PARIS CEDEX 09 or online, on the site <https://acpr.banque-france.fr/accueil.html>, tab "Protéger la clientèle".

## OTHER RELEVANT INFORMATION

Scope of the calculations: The form and content of this document have been implemented in compliance with the requirements of the applicable regulation. All calculations are based on assumptions (holding period, capitalisation contract and banking costs). The results of those calculations would therefore be different if the policyholder was in a situation differing from the assumptions taken for working out this document.

Additional regulatory information on the product can be requested by e-mail. You will then be able to receive it either as a printed or digital version. All mandatory documents are made available on the website [www.wealins.com](http://www.wealins.com). The General Conditions deemed to be the Information Note, Application Form, Tax Information Note - France, Information note - Description of the prevention and management of conflicts of interests policy, Investment rules for internal funds (Circular letter 15/3 from the CAA) and the Information note concerning investments in specific assets with particular risks of Wealins Capi France are available to potential investors on request.
